has attended

Collection Development and Weeding

Branch Out 2009...Beyond Your Comfort Zone

August 4 2009

This workshop addressed the following competencies:

Technical Services Competencies

- A. Collection Development and Management
 1. Demonstrate knowledge of collection development and management based on the needs of the community served.
 2. Recommend policies and procedures for selection, acquisition, circulation, maintenance and weeding of library materials.

The logo for Minnesota Certification for library employees. It features a large, stylized 'C' with a vertical line through it, and the word 'Certification' in a serif font to its right. The entire logo is enclosed in a jagged, sunburst-like border. Below the logo, the text 'for library employees' is written in a sans-serif font.
