Online Instruction and Technology

Branch Out 2009 ...Beyond Your Comfort Zone

August 4 2009

This workshop addressed the following competencies:

Technology Competencies

1. Understand technology training techniques by recognizing opportunities to share knowledge and provide appropriate "just in time" training at the point of need. (Patron Training)
3. Demonstrate a commitment to staying informed about new technologies through e-learning, online social networking, and library publications. (Trends)
